FORCE OF MEN AT WORK ON INTERURBAN SHORT-LINE

Photos taken expressly for the CAMPBELL INTERURBAN PRESS, by Artist A. P. Hill, through the courtesy of President O. A. Hale.

TWO TRACTION ENGINES DO THE PLOWING

PRESS NOTES

Howdy!

How do you like it?

Send a dollar to the office.

The PRESS will give the news.

About everyone went to see the elephants.

Miss Lena Swope has been visiting in the city.

John Strong is back in his old place at the Farmers Union.

There are large shipments of canned fruit from the cannery.

Mr. and Mrs. J. J. Cornell attended the Knights Templar conclave.

Mr. and Mrs. Wilbur Caleb and son have returned to New York State.

Clyde Betts came down from the city to visit his parents recently.

Mrs. S. M. Thomas has moved into her new house on Harrison avenue.

Ben Wade has a good position with a flour milling company in the city.

Mr. Fulton Phillips returned to Pennsylvania last week rather unexpectedly.

Patronize our advertisers; they merit it and they are entitled to a fair share.

Mr. Clayton and family have moved into the Phillips house on Central avenue.

J. R. Stephens, who has been on the sick list for three weeks, is able to be out again.

Rev. and Mrs. J. W. Lewis and daughter Miss Mary, attended Conference at the Grove.

Miss Grace Blodgett is in San Francisco attending the Rebekah Sovereign Lodge meeting.

George A. Davis has gone to Ft. Bragg, Mendocino county, to work at the jewelry business.

Mrs. A. B. Townsend and baby are home from an extended visit with relatives at Watsonville.

The schools have started in with a large attendance. Of this we will deal in our next issue.

Mrs. Paschal was visiting Mr. Canine's family, instead of Mr. Merrill's as announced elsewhere.

Rev. Charles Lewis of Casselton, North Dakota, is the first new subscriber. Who will be the next?

Subscribe for the CAMPBELL INTERURBAN PRESS and have it sent to eastern friends. It will keep them posted.

Mr. and Mrs. Curtis B. Hanger are home from their eastern and European trip. They had an exceedingly interesting trip, but Mrs. Hanger was very sick on the sea, both going and coming.

Mrs. Luther entertained a number of ladies at tea one day last week, in honor of Mrs. Craig.

Some of the news matter this week is a little old, but there has been no paper for three weeks to give it before.

Miss Adra Eaton is home, after a few weeks of rest in San Jose. She is feeling well. Mrs. Keith is able to go out riding again.

R. W. Kennedy returned from Oregon Monday and Tuesday he went to Pacific Grove to join his wife, who attended Conference.

Mrs. Craig and children, who have been visiting her parents, Mr. and Mrs. Merrill, have returned to their home in Great Falls, Montana.

T. V. Dyer, who has been in San Francisco and Oregon for his health, is in Campbell and is feeling somewhat better. For the present he is helping Ray Brown at the barber shop.

James A. Kelley has exchanged his house for a 13-acre piece of land belonging to Enos Bohnett, at Aromas. He will move from here next week, for which our people will be sorry.

The Epworth League held a pleasant social and business meeting at the hospitable home of Mrs. Martinia last Friday evening. Refreshments were served and a splendid time was had.

The Board of Supervisors have fixed the county tax rate at \$1.71—fourteen cents higher than last year. In the Campbell district there will be 18c. high school and 9c. bond tax, making \$1.98 in all. The districts in the Union high school district will each pay 18c. high school tax.

Rev. J. F. Jenness has been returned to Campbell for the coming year. Rev. J. H. Wythe was given the secretaryship of the new Superannuates Fund Committee and he will reside in the home in the willows. Rev. A. J. Hanson was given the pastorate at San Leandro, and Rev. Wm. Angwin was returned to Vallejo.

There have been several cars of four-foot iron piping arrive for the new Page ditch along Railway avenue, connecting their two open ditches—one being just south of the depot, the other on the north of Campbell avenue, and running along the rear of the orchards of Messrs. Williams, Tuttle, etc., and on to the north. We will speak of this later.

Our Cover Engraving.

The cover heading was designed and made by the Mercury art department, and while the general idea was given by the editor, yet the artist, Mr. Anderson, is to be thanked for the excellent piece of work executed, and for other courtesies extended; and the engraving department manager we are under obligation to for a very quick and satisfactory job.

Save Yourself the Trouble

of going to San Jose, Los Gatos or Santa Clara, for DRUGS, when you can buy them at home just as cheap and have a new and fresh stock to select from—and

I will Save You the Trouble

of coming or sending to the store if you will only 'phone or mail me a letter containing your wants. The goods will be delivered immediately; or if too far a distance from the store, by return mail. This rule applies anywhere on the R. F. D. routes from Campbell. Remember that no extra charges will be made.

VOL. 1, No. 1

CAMPBELL, SANTA CLARA CO., CALIFORNIA, SEPTEMBER 22, 1904

\$1.00 A YEAR

CAMPBELL WILL SOON HAVE CARS.

The "San Jose Herald" has the following to say about the splendid construction work being done on the Interurban short line to Campbell and Los Gatos:

"The Interurban Railway Company is at work in dead earnest on Bird avenue, where it leaves San Carlos street, in the construction of the Campbell cut-off to Los Gatos. By tomorrow (Tuesday) there will be fully 300 men busy as bees—there is almost that number now—and railroad construction will be humming. A big traction engine is ripping up the hard street in a way that is astonishing to the uninitiated. This engine has just started in and has hardly got acquainted with the road yet, but when it gets its second wind, so to speak, it will plow about a mile a day of hard street. This work is in charge of Mr. Eagan, the company's energetic foreman, who explained to the Herald reporter, that when he got things thoroughly organized, about tomorrow, the different parts of the work would follow each other in perfect routine, with no delay. It is easy to see that Mr. Eagan is easily an organizer, and one would never think of doubting the perfection of the routine of his planning.

"Following the big engine plow is the excavating gang, with the horse shovels; then the tie gang; then the steel gang; then the spikers; then the liners and surfacers; then the men who smooth and finish the road ready for the cars. Besides the force of men, there are, or soon will be, from 15 to 20 teams at work on the road, and at the rate work is being rushed, if no unforeseen delays occur, cars will be running on this road before the people know it.

"Double lines of poles are already erected and ready for the wires as far as Campbell, and, with nothing to hinder the work, it is intended to complete a mile a day of the road where conditions are favorable. The big engine will be used where the center of the street has to be torn up, but where the track is made along the side of the road, the plowing will be done by horses.

"The rails being laid on this road are 60 feet in length and weigh 1200 pounds each, 60 pounds to the yard. These rails are of the very best steel, and require two gondola cars to a length in hauling. A lot is being unloaded now in the company's work yards beyond the narrow gauge tracks. It requires fifteen men to unload, ten to lift the rail, and the others to replace it and attend to other matters in this connection. It is safe to affirm that never before in this part of the country is railroad building being done in so thoroughly an up-to-date manner as by the Interurban company. Where formerly thirty-foot iron rails have been considered good enough for street car tracks, this company uses the sixty-foot rail of the best steel, at a cost of some \$30 a rail. These rails are being used by the Huntington roads in Los Angeles and on the Market St. railroad in San Francisco. Nothing goes into the Interurban road that is not 'A No. 1'; this is the instruction given by the management.

"It is a bit interesting, from a financial point of view, to figure at the cost of this road to its owners. No employee receives less than \$2 a day in this road building,

and many get much more; \$2.50, \$3.00, and \$3.50 are much commoner than \$2.00 salaries. Then the teams and the engine, the rails costing \$30 apiece, beside many minor and major incidentals. It all makes one wonder at the confidence in our valley displayed by the owners of the road, because nobody, not even a railroad man, is philanthropic enough to put this amount of money in a public enterprise without getting some return on his investment."

ELECTRIC RAILWAY NOTES.

This short line will be the finest piece of road in this part of the State. The construction crew knows its business and everything moves like clockwork.

The advance guard of the construction crew is expected to get to Campbell within a week or so. This is certainly rushing things along, but we may expect to see rails laid to our town by the middle of September. That's "going some."

Two large traction engines are now tearing up the road along the Meridian and Willow street. Ties are being laid and rails are laid to the Willows. The overhead copper wire is also being strung as fast as the rails are laid, and a gang of men follow along, putting the road in good order again.

Fourteen cars of steel rails have arrived in Campbell and are being unloaded and hauled along the route. C. E. Newman, who represents Mr. Lynch, the constructor, says that twenty-six cars will be unloaded here and that Campbell will soon be headquarters for the construction work, the crews working each way from here—toward San Jose and Los Gatos.

CAMPBELL INTERURBAN PRESS

PUBLISHED EVERY THURSDAY

ELGIN C. HURLBERT.....Editor and Publisher

Subscription, \$1.00 a Year in Advance

Advertising Rates, 50c. an Inch per month

SALUTATORY.

The appearance of the CAMPBELL INTERURBAN PRESS will doubtless be a surprise to many and a few words by way of accounting for its existence may not be out of place. The unexpected suspension of the "Campbell Visitor," whether temporary or permanent, left the field unoccupied at a most inopportune time, and caused widespread dissatisfaction among its advertisers and subscribers. Our connection with the paper closed when the owner arrived and took possession on September 1st. Never-the-less we feel a moral responsibility to the people who gave us their patronage in good faith, to see that their confidence is rewarded. Add to this the fact that as a business proposition a newspaper was never a better venture here than at the present time, and the CAMPBELL INTERURBAN PRESS is sufficiently accounted for.

The name of the paper is suggested by the approach of the Interurban electric railway—an event which means more in shaping the destiny of our town than many realize. We think the name euphonious and expressive, as our constituency is "between cities" and we hope our friends will be pleased with it.

In politics, the paper will be independent, believing that we can best serve our constituents by remaining free to support the best men for office, whenever occasion requires. In this it must not be taken that the editor has no preference of party, but it has been deemed best in so small and harmonious a community, to not stir up strife by conducting a partisan paper. It is safe to say, however, that few Republicans would take a like course if they were running the paper.

Those that have paid us in advance for the Visitor can have the PRESS for the unexpired time, and to all others we will be glad to add their names to the list. You will want the PRESS because it will be newsy, because it will be clean, and because you want to help in building up Campbell—which is the object of the this paper.

ELGIN C. HURLBERT.

THE Republican and Democratic county conventions which met last Saturday and Monday nominated two judges for the Superior Court bench, three Supervisors and a State Senator in this district; also an Assemblyman in each of the three districts. It largely depends upon the character of the men nominated, as to who will be elected, for we believe the time is past, or should be, when a man unfit for office, morally and otherwise, should be elected. For Superior Judges the Republicans re-nominated Judge Rhodes for the short (four year) term. This was unwise in our opinion, as his extreme age and the fact of his being hard of hearing makes it certain that younger material should have been taken. Against J. R. Welch, their candidate for the long (six year) term, there can be nothing said and if he should be successful the county will have a good Judge. The Democrats showed good judgment in nominating for the long and short term, respectively, those tried and true stalwarts—Nicholas Bowden and David Burnett. Everyone knows (or ought to) "Nic" and "Dave." Always standing for good government and against whom nothing can be said, either as to their ability or character. For State Senator the Republicans nominated Assemblyman Wright, through a combination of the warring elements controlled by Hayes, Oneal and Rea, beating Assemblyman Walker by a few votes. The Democrats, taking advantage of the split in the Republicans, have nominated W. H. B. Trantham, the veteran editor of the Los Gatos News. He is the choice of the Los Gatos citizens, universally, and will make a strong candidate. For Assemblyman from this district the Republicans have nominated Ward Jarvis of Santa Clara, and the Democrats George Waldorf, a bright young attorney of San Jose. For Supervisors: Campbell is directly interested in who takes Knowles' place, as that district borders us on the west and south. The voters of Cambrian and Union districts will very likely be given a

chance to vote this year, after having been disfranchised by the gerrymandering of that district. F. E. Mitchell, Master of Orchard City Grange at Campbell is the Republican nominee, and the Democrats have nominated Michael Farrell of Mountain View. Both of these gentlemen are able men and either would make a good Supervisor, but the fact that Farrell comes from the Palo Alto end of the district, which has been demanding a Supervisor, makes him a formidable candidate. In the second and third Supervisorial districts the Republicans nominated Al Hubbard and Henry Ayer, respectively, while the Democrats nominated Wm. Aggeler and J. W. Borchers. The two tickets, as a whole, are above the average, the judicial ticket being especially strong.

THE nominees for Congress in this district are all men of merit. Congressman Wynn has shown himself to be a rustler, and though he has been on the minority side in Congress, yet he has been able to accomplish much for his district, and he really is to be given great credit for what he has done along the lines of harbor improvements, especially. With the Democratic vote, the large labor vote which he will receive, and the record he has made for earnest work in behalf of his constituents, makes him a very strong candidate. E. A. Hayes, the Republican nominee, is one of the proprietors of the Mercury and has been actively associated with the organization of the Good Government League. He was nominated as a compromise candidate, not having been an avowed candidate, but Charley Shortridge had to be gotten out of the way and "E. A." was the available candidate. This is a Republican district, but whether Mr. Hayes can beat genial "Billy" Wynn remains to be seen. Wynn comes from the big end of the district, where he was Supervisor and where he is liked. The laboring people swear by him, the business men trust him. Hayes will have a strong rural vote, but will be knifed heavily in certain quarters as he must know. Then it is urged that the State politicians who fear the power of "E. A." and "J. O." in future politics have taken this simple method of shelving them, not believing that Hayes can win. Wynn beat out Loud two years ago by 6,135 votes—a formidable plurality for Hayes to overcome. The Prohibitionists have nominated an active man for Congress in the person of Dr. George Pratt of San Jose, and while he is a comparative stranger in the county, he will be known—mark that.

A STORY comes up from the Pajaro and Carmel valleys in Santa Cruz county, about the results there of the hot spell last week, and comes very nearly being "fishy." It would not be surprising if it were—for that locality is very near the sea. It is to the effect that Old Sol turned himself loose and with the added heat from the forest fires it was possible to have baked apples, fresh from the trees. In support of the story some specimens are shown which were actually cooked to the core on the side exposed to the greatest heat. Our fruit growers had their prunes dried in pretty lively manner, but the Santa Cruz people take the bakery for "warm" stories.

PRESS NOTES

Register!
Register! Register!
Register before it is too late!

Mrs. Fletcher left Thursday for her home in Indiana.

Good houses for sale or rent. See Hurlbert & Kennedy.

Charles White has been on the sick list, but is now better.

Colonel Samuel F. Cooper left for Grinnell, Iowa, Monday.

Mrs. S. G. Nelson went to San Francisco Tuesday to be gone a week.

Miss Hinde left here last week for her former home in the State of Georgia.

Show your colors! Campaign buttons in great variety at Miss Lawrence's.

William A. Kennedy of Berkeley, was in Campbell last week on business.

The death of Professor Charles H. Allen in San Jose removes one of the foremost educators of the State.

Miss Gertrude Cook has gone to National City, near San Diego, to resume her duties there as high school teacher.

Mr. and Mrs. Woodard have gone to Seattle, after a very pleasant visit with Rev. and Mrs. G. E. Atkinson.

Miss Fanny Naramore of San Francisco spent the Sabbath here with Miss Sargent and was greeted by many of her friends.

Mrs. Paschal left Thursday for her home in Colorado Springs, after an extended visit with postmaster Merrill and family.

Full line confectionery, bakery goods, stationery, cigars and tobacco, at A. D. Phelps, watchmaker and jeweler. Everything in the jewelry line.

Sunday, Sept. 11th, Ivy Ellen, infant daughter of Mr. and Mrs. William Finnemore, was buried at Oak Hill. The services were conducted by Rev. G. E. Atkinson.

G. W. Snyder and family have been enjoying a visit from Mrs. Josie Miller, of Delaware, Ohio. They also had a visit from Mr. Klein, a Knight Templar from the east.

The county Republican convention met in San Jose last Saturday. The Democrats met Monday, and Ringlings' circus came Tuesday. A great week has gone into history.

The editor now has a phone at both office and residence. Don't be afraid to let us know of any news you may have. Remember we can't be at all places at the same time and therefore cannot be expected to know everything. Many people think we ought to.

Franklin Bartholomew, uncle of F. K. Bartholomew of the Meridian road, died at Martinez last week at the advanced age of 81 years. He was a forty-niner and a bachelor.

Miss Lizzie Sargent has gone to Morgan Hill to teach. She will come home each Friday for the Sabbath. While there she will be with former Campbellites, Mr. and Mrs. Bagwill.

Mr. and Mrs. Strong of Cleveland, Tenn., have been visiting with Dr. and Mrs. Cooper. They are parents of Albert Strong, formerly of Campbell, and John Strong is their nephew.

A. D. Phelps, watchmaker and jeweler, and dealer in stationery, notions, bakery goods and choice confectionery. Up-to-date goods at reasonable prices. Soda and ice cream. Next to postoffice.

The friends of Mr. Fred Reing received the announcements of his marriage to Miss Evalyn Leib, in Des Moines, Iowa, Sept. 7th, 1904. He will be remembered as being the first cashier of the Bank of Campbell.

Mr. and Mrs. A. G. Williams have gone to Chester Centre, Ia., their former home, where they will visit former friends, also will visit in Grinnell. On the way home they will visit their daughter, Mrs. Gratton and family in Colorado.

Miss Lawrence has folio paper, pencil tablets, ink tablets, pencils of various kinds, pencil boxes, pencil sharpeners, erasers, fountain pen ink and fillers, cinch paper clips, paper binders, visiting cards, souvenirs, notions and many other things.

There are many growers about Campbell who have done exceedingly well on peaches and apricots this year, the prices ranging very high for good fruit. One grower recently told the writer that from 75 cling peach trees (three-quarters of an acre) he had secured \$342, being over \$4.50 a tree, and after allowing \$20 for expenses it left a very fine profit on so small an acreage. Those who were lucky enough to have peaches and cots this year are fortunate.

Among those who went to San Francisco to attend the Knights Templar conclave were Mr. and Mrs. E. W. Allen, Mrs. Lillie F. Shaw, G. W. Gardner and Elgin C. Hurlbert. The electrical display on the streets, on buildings and in stores has never been surpassed in the world. It was beyond description, and had to be seen to be appreciated. The parade was an imposing sight, it taking some three hours for it to pass a given point. The competitive drill in Golden Gate Park was won by the team from Louisville, Kentucky, (whose 29 men appeared in new uniforms costing \$7,000) over the teams from Chicago, Milwaukee and Binghampton, New York.

SHOW ME!

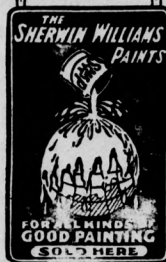

To use a common expression, "I'm from Missouri; show me!"

This is just exactly what we want to do—we want to show you the cleverest **FALL SHOES** that it has ever been our good fortune to look at; the shoes are so artistic that you would be doing yourself the greatest injustice if you overlook us this season. We are doing a big business, in fact more business at times than we can take care of, but ambition knows no limit. We get our business through the superiority—through the merits of our merchandise, and the models we are showing today are so full of fetchiness, character and clever lines that you can't give them the overlook.

HOFF & KAYSER, POPULAR PRICE SHOES
95 SOUTH FIRST STREET, SAN JOSE

THE SHERWIN-WILLIAMS PAINT

MADE TO PAINT BUILDINGS
WITH OUTSIDE AND INSIDE

We have secured the agency for this territory for The Sherwin-Williams Paint—the best known and most widely sold house paint made.

We have decided to sell S. W. P. because we wanted to offer the trade of this community the best paint value obtainable. We selected S. W. P. because we are convinced that it's the best, safest, and most economical house paint in the market. We do not hesitate to back it with our reputation.

It covers most; spreads easiest; looks best; wears longest; saves money; and is always full measure.

Color card shows forty handsome shades. S. W. P. is made by The Sherwin-Williams Co., the largest paint and varnish makers in the world. They operate four big factories and have offices and warehouses in twelve cities. They have built up their business on high quality goods.

No matter what you want to paint or varnish, you'll get best results and save money if you use The Sherwin-Williams Paints and Varnishes. We carry the full line.

FARMERS UNION BRANCH

CAMPBELL, CAL.

IN THE LODGE ROOM.

There was a large and enthusiastic meeting of the Orchard City Grange of Campbell at its last session. After the business was over there was a delightful piano solo by Miss Brandenburg. Mrs. Shaw gave a recitation which greatly pleased the members.

The committee on co-operation furnished the speeches of the evening. C. H. Whitman introduced the subject in a short talk upon the necessity of organization and pointed to the fact that every advantage and comfort we now enjoy in a social cause is the result of co-operation. If we can not organize and control prices of fruits we still should co-operate in every other line of work and interest of the orchardist. It is only through the success of the fruit industry as a whole that the individual can prosper. The success of one grower at the expense of many only brings in the years that follow, disaster to the business and distrust of our fellows.

Joseph Bohnett was the next speaker and in a very earnest talk called attention to the fact that the lack of co-operation of the fruit growers had furnished the opportunity for the packers to use dangerous concoctions in processing prunes, which added weight (and dollars) for the packer, but in many cases lost customers for the fruit. He suggested that the orchardist unite in demanding of the next legislature an amendment to the Wright Fruit Inspection Bill which would make it possible to compel the packers to send wholesome fruits only to the markets of the world. The speaker declared that the rotten prunes fit hardly for hog food, then dipped in logwood and copperus, was the greatest menace to our fruit industry that we have to meet.

E. W. Allen spoke upon the necessity of improved methods of marketing prunes, and declared that no prune smaller than 60 to 70 should be sent to the eastern markets; all smaller sizes should be sold at auction to the highest bidder. Prunes cured but unprocessed should be sent to the eastern markets in the largest packages possible, then processed and distributed to the trade. This would assure a better quality of fruit, a saving in freight charges and a consequent lower consumption price. Mr. Allen also intimated that the railroads were proposing to tax the fruit growers on all shipments and use the fund for advertising purposes.

Dr. C. N. Cooper spoke of the distrust on the part of the growers of those who must become leaders in any and all movements toward co-operation. If confidence can be restored no doubt great good will follow. Staple prices in the market seems to be the most needful thing in maintaining a steady demand for fruits. No doubt this could be best accomplished by united effort.

Frank R. Shafter spoke in favor of a rigid inspection of prune processing and of the fruit packing in general. The speaker thought the many abuses in the fruit industry would be greatly lessened by almost any method of co-operation among the growers.

Pride of the Valley Lodge, A. O. U. W., held an interesting meet-

Thursday, Friday and Saturday,

September 22-23-24, 1904

AT

WM. BEATTIE'S GENERAL STORE,

You will find a complete line of Wollens in the piece, and an expert representative who will take your measure for either an Overcoat, Suit or pair of Trousers. The prices range from \$13.50 up for suits or overcoats and \$3.75 up for trousers. Workmanship, fit and style absolutely GUARANTEED. These garments are made to your measure only.

We also make Ladies Suits, Skirts and Coats. We will be pleased to have the ladies call and look through our style books and fabrics.

D. L. HILSON,

1173 FRANKLIN STREET, SANTA CLARA.

At BEATTIE'S September 22d, 23d and 24th

ing Monday evening. Under "Good of the Order" the members discussed the "Yellow Peril," which subject is attracting so much attention just now. The meeting was thoroughly enjoyed. At the close the ladies of the Degree of Honor, with their visiting members from Los Gatos and San Jose, and the Workmen members, enjoyed a delicious supper in the banquet room, served by the Degree of Honor.

Morning Light Lodge, I. O. O. F., has been well represented in San Francisco this week at the Sovereign Grand Lodge. The local lodge members will be in the parade tomorrow, when it is expected that 10,000 members will march. The electric illuminations in the city is expected to exceed that of the Knights Templar conclave.

Camp Moorpark, W. O. W., held an enjoyable social Saturday evening after the lodge matters had been attended to. Wives of members were present.

There must be "something doing" in local Masonic circles, judging from appearances.

Supervisors Grant Interurban Petition.

The petition of the San Jose-Los Gatos Interurban Railway company is read asking for permission to change the route of the franchise on the Meridian road from a point opposite Willow street to a point on Hamilton avenue, from the side of said road to the center thereof, for the reason that the present route is over the line of the San Jose Water company's water mains. By a resolution unanimously adopted it is ordered that said route be charged accordingly.

The petition of the San Jose-Los Gatos Interurban Railway company is read asking the board for a franchise for an electric railroad on Stevens creek road from a point on Saratoga avenue to Stevens creek. By resolution unanimously adopted it is ordered that said franchise be offered for sale. Bids to be opened Wednesday, November 9, 1904, at 10 o'clock a. m.

On motion it is ordered that the hearing on the petition of the San Jose-Los Gatos Interurban railway for a franchise for an electric railway on Park avenue and Josefa streets be continued to Wednesday, November 9, 1904, at 10 o'clock a. m.

Commenting on the above, the "San Jose Mercury," in yesterday morning's issue, says:

"The San Jose and Palo Alto Interurban railroad came officially before the public for the first time at the meeting of the board of supervisors yesterday, when O. A. Hale, as president of the Interurban company, filed the company's petition for a franchise to construct, maintain and operate an electric railroad on the Stevens Creek road, from the intersection of the latter with Saratoga avenue at the Meridian corners (to which point the track of the present road to Saratoga will be used) and thence along the Stevens creek road to Stevens creek, near the Father's villa. Though not referred to in this petition, it is known and unofficially stated that from this point the road will curve to Fremont avenue and after passing the new Santa Clara college site will skirt the hills to Stanford university and from there will run direct to Palo Alto. Surveyors are now working on this part of the route."

A large number of copies of this week's CAMPBELL INTERURBAN PRESS were printed and the next issue will be a large one, and it will be a good advertising edition.

Fine List of Orchard and City Property

I. O. O. F. Building, Campbell

CAMPBELL

(THE ORCHARD CITY)

Lies 50 miles south of San Francisco on the Santa Cruz division of the Southern Pacific Railway, 5 miles from San Jose, in the famous Santa Clara Valley, the garden spot of the State.

SCENERY SUPERB

With the Santa Cruz Mountains to the west and south and the Coast Range on the east, a majestic amphitheatre is formed, the beauty of which can not be excelled anywhere. Campbell has an altitude of 195 feet. The cool breezes from San Francisco bay at the north insure an even and comfortable temperature throughout the summer months, while the winters are warm and pleasant. Flowers bloom out of doors the year around.

EDUCATIONAL ADVANTAGES

Campbell has a population of about 600. It maintains a (third class) post-office which distributes mail to 3,000 patrons, covering over 30 square miles of orchard homes. There are two churches—Methodist and Congregational—a first class High School and Graded School, and within a few miles are two Universities, two Colleges, a State Normal School and several Business Colleges and private schools.

The Stanford University with its marvelous architecture is only 20 miles away.

NO SALOONS

Campbell has a complete water system of its own. It has electric lights and power for mechanical purposes, which is distributed throughout the orchard district. A telephone exchange serves over 40,000 people. A prohibitory clause in all deeds to property within the town limits, prevents the saloon from being established.

MINERAL SPRINGS

The hot springs of Alum Rock Canyon and Congress Mineral Springs are within two hours' drive, giving a panoramic view of the entire valley.

The Almaden Quicksilver Mines, the largest in the world are within easy access by rail or team.

The largest seed farms in the world only 10 miles distant.

FINE ROADS AND RESORTS

The Santa Clara Valley boasts of the finest roads to be found in the State. It has over 350 miles of sprinkled rural highways. In attractions for tourists the Santa Clara Valley can not be surpassed. Thirty-two miles eastward over a magnificent mountain road is the famous Lick Observatory on Mt. Hamilton, 4,444 feet above sea level. There are numerous mountain retreats within two hours' drive for those who love the camp and sparkling brook. The sea beach to the southward 27 miles by rail or carriage drive, and through the most beautiful mountain scenery in the world.

A trip to the Big Trees, twenty feet in diameter and two thousand years old, will furnish a delightful day's outing.

FRUIT CENTER

Campbell's mammoth fruit dryer and packing house is the largest in the world. It has a capacity of over 10,000,000 lbs.

The Campbell Orchard District is noted for the quality of its fruits. For delicacy of flavor and beauty and perfection of color, its cherries, apricots, peaches, apples, plums, grapes and pears, have no equal in their fresh state, and command the highest market price. As cured or dried fruit the Campbell prune, apricot, and peach is shipped to every civilized country on the globe. Nearly one-half of all the prunes grown on the continent are from Campbell orchards. One and a half million cans of fresh fruits are packed in Campbell every season.

The demand for intelligent labor is increasing every year. Families desiring profitable employment in orchards, packing houses and canneries find this an ideal home.

LAND VALUES MODERATE

Land values are very moderate—bare land brings from \$100 to \$300 per acre and when set to trees sells from \$200 to \$1,000 per acre, according to location and age of orchard. Ten to fifteen per cent is an average net income, while many places yield a much higher rate.

short a Campbell home is one surrounded with HEALTH, WEALTH and PLEASURE.

Grandpa Williams Dead.

After a lingering illness Mr. Stephen Williams passed away at the home of his son, A. G. Williams, on Harrison avenue, Saturday, September 3, 1904, at the advanced age of 91 years, 10 months and 15 days.

The funeral was held on the following Monday at 10 o'clock, the Rev. G. E. Atkinson conducting the services. He spoke of his very pleasant recollections of "grandpa" Williams when as a boy he worked on the Iowa farm of Mr. A. G. Williams.

Miss Fanny Janes, Mrs. Mary Luther, Mr. John F. Duncan and Dr. Cooper sang "The Sands of Time are Sinking," and "Abide With Me."

The closing prayer by Dr. Wm. Windsor was very beautiful and full of sympathy and comfort for the sorrowing friends.

The interment was at the Los Gatos cemetery. The pall bearers were members of the Masonic lodge, being Messrs. S. R. Wade, Samuel Hutchins, Samuel Moulton, F. M. Righter, J. A. Greene, and Charles Hollieson.

Choice of All Routes East

Is offered by Southern Pacific. You want the best—the one that suits you best. Don't make any arrangements until you have learned of the magnificent limited trains and personally conducted excursions in new Pullman tourist cars of our different routes. Agent Southern Pacific will sell you a ticket, reserve you a berth, or write to Paul Shoup, D. F. and P. A., 16 South First street, San Jose.

Church Notices.

The annual "Rally Day" of the Congregational Church will be held at the church next Sunday at 12 M. A colored quartette from the Antioch Baptist church of San Jose will furnish special music, besides which an interesting program has been prepared. Will you spend an interesting hour with us?

Other services for the day same as usual.

Register Now.

Remember that you are not on the great register if you have not registered since the first day of January of this year. Remember also that registration will close absolutely on the 28th of this month. Deputy County Clerk Elgin C. Hurlbert will register you, so DO NOT LOSE YOUR VOTE by failing to register.

Stencils Cut.

In addition to making a specialty of rubber stamps, we have fitted up the most complete stencil cutting plant in the interior. Stencils cut neatly, promptly, accurately. The Quincy Calgless Printing and Rubber Stamp Co., 24 W. Santa Clara St., San Jose.
